

RULES

1. This hackathon is only for the students of Jyothi Engineering College.
2. Students can form a team with a minimum of 2 and a maximum of 5 (including the applying student as TEAM leader) team members.
3. Students choosing track 1 would have to solve any ONE of the problems provided.
4. Students choosing track 2 can choose ONE of the themes and describe their problem statement and solution related to their chosen theme.
5. Submissions of abstracts and presentations would be online.
6. For the final round, which would be offline, the 10 teams selected would have to present a prototype of their product. If a prototype is not possible, they should have completed all their research and coding work to be ready for prototyping.
7. All decisions made by the Judges and IEDC-JEC shall be final and abided by participants.
